

# 8-day Training Program on- From Screening to Impact Assessment: Practical ESIA Development in line with ESF and National Requirements

## Objectives of the Training

- Build practical skills in E&S screening and site-specific assessment
- Guide ESIA preparation in line with ESF and national requirements
- Strengthen understanding of ESF-national framework integration

**18-27 April, 2026**

**9:00 am - 5:00 pm**

**ITN Seminar Room  
BUET, Dhaka-1000**

## Expected Outcomes

- Improved capacity in E&S screening and impact assessment
- Ability to prepare ESIA documents that meet both ESF and national compliance standards
- Enhanced skills in identifying and designing site-specific mitigation measures

## Resource Persons

- The training sessions will be conducted by distinguished faculties from BUET and professional experts.

## Who Should Attend

- Environmental & Social (E&S) consultants, individual experts, consulting firms, and PIU-based specialists

❖ This training will be delivered through focused lectures, case studies, and interactive discussion sessions
